INSURANCE COVER FOR STUDENTS OF UNIVERSITY OF APPLIED SCIENCES

The students of university of applied sciences Tampereen Ammattikorkeakoulu Oy are covered by the Statutory Accident Insurance number 351-1030184-6. In accordance with the legislation on compensation for accidents occurred in study-related circumstances, an accident shall be compensable as an occupational accident where it has occurred during laboratory or field work or other practical training. Compensation requires that the accident has been caused by circumstances characteristic for the study method in question. The insurance does not cover accidents occurred in other curriculum, such as during theory lessons, recess or on way to or from school. Practical work training is covered by the accident insurance valid in Finland and abroad.

In accordance with the Employment Accidents Insurance Act, bodily injury caused by an accident entitles to compensation for:

- Medical treatment expenses
- Loss of income (daily allowance, disability pension)
- Survivors' pension to next-of-kin
- Funeral expenses (fixed sum)
