Welcome Webinar

Let's start the summer school journey with the welcoming words!

Survival Guide for Finnish Culture

Welcome to a unique online training presented by YesFinland! In this interactive online training we'll run through a series of exercises and discussions about intercultural communication skills regarding life in Finland, living as a foreigner in Finland, and the causes and phases of culture shock. The training will be held virtually via Zoom.

Paras löyly - Finnish Sauna Culture

During the course, Alexander Lembke will give an introduction to the history and current reality of Finnish sauna culture and share the basics for a pleasant and healthy Finnish sauna experience live in his sauna.

Among other things, he will give an insight into the origins of Finnish sauna, the definition of Finnish sauna, sauna as a way of life, the sauna ritual and the differences between Finnish and other sauna cultures. Afterwards, the students will have the opportunity to ask questions about the sauna culture in a question and answer session.

Alexander Lembke has been involved with Finnish sauna culture for over 10 years in his academic and artistic career and is a member of the Finnish Sauna Society. He also works as a sauna heater in Finland's oldest public sauna.
